Introduction

Company Founder
H. Ama Snewarna (Alm)

SANGKURIANG Ltd. Architects and Consulting Engineers was established in 1952 to provide design and consulting services in the various branches of Civil Engineering, Mechanical/Electrical, and Architecture.

Resources include professionally qualified university graduates of Civil Engineers, Irrigation Engineers, Structural Engineers, Highway Engineers, Architects, Planners, Agriculturists, Supporting Draftsmen, Surveyors, Technical and Secretarial Staff.

The firm's head-office is located in Bandung at Jalan Karang Tinggal 23.

Since its establishment, a great number of assignments have been granted to SANGKURIANG by numerous government institutions and various local and international clients from the private sector.

From 1974 on, SANGKURIANG is continuously involved in projects financed by international agencies, like the World Bank, Asian Development Bank, U.S.A.I.D, the Royal Government of the Netherlands, etc.

Where **SANGKURIANG** is engaged as a principal consultant and where the scope of the project requires the inclusion of specialist services beyond the normal professional experience of the firm, the engagement of specialists/experts and their coordination within the frame-work of the project will be undertaken.

The management system of **SANGKURIANG** has been assessed and certified as meeting the requirements of ISO 9001:2015 for Architecture, Structure, Mechanical Electrical & Plumbing Engineering Design, Supervision, and Managemet of Construction. **SANGKURIANG** has also been joining a member of INKINDO (National Association of Indonesian Consultants) since February 2016 and been having several expertise certification from LPJK in Architecture Planning, Spatial Planning, Engineering Planning, Engineering Supervision, and Project Management related to Building Construction and Civil Engineering. This meant that **SANGKURIANG** has a good quality system that will satisfy their client's requirements under regulatory standards. **SANGKURIANG** aim to enhance customer satisfscation while striving to continually improve its performance.
